

PRELIMINARY AMENDMENT

REMARKS

The above amendments have been made to eliminate all multiple dependent claims,
thereby eliminating the need for a multiple dependent claim fee.

PRELIMINARY AMENDMENT

APPENDIX

VERSION WITH MARKING TO SHOW CHANGES MADE

IN THE CLAIMS:

The claims are amended as follows:

3. (Amended) Wristwatch according to ~~claims 1 or 2~~claim 1 characterised in that the securing elements of each of the cases (1, 2) include horns (4, 5) through which bars (6, 7; 8, 9) pass, said bars acting both as means for securing the first case (1) to the second case (2) and means for securing each of the ends (10, 11; 12, 13) of the wristband (14, 15) to the assembly formed by said first and second cases.

8. (Amended) Wristwatch according to ~~any of claims 1, 2, 6 and 7~~claim 1, characterised in that the two cases secured to each other form a movable case (100), which is mounted so as to pivot and slide on a support (105) secured to a wristband (108), the support having two parallel lateral bars (110) between which the movable case occupies two mutually reversed use positions, in which two opposite lateral faces (141) of the movable case extend along said lateral bars.

9. (Amended) Wristwatch according to claim 8, characterised in that each lateral bar (110) of the support is provided with an articulation trunnion (118) which is engaged in a slideway (140) of the corresponding lateral face (141) of the movable case, and in that said slideway (140) is formed by juxtaposing two recesses (133, 134) of L-shaped profile, each arranged along an edge of the back cover of each case.

10. (Amended) Wristwatch according to claim 9, characterised in that each lateral bar (110) of the support is provided with securing means including a removable bar (115) for

PRELIMINARY AMENDMENT

securing it to the wristband and in that said trunnion (118) is secured to a removable part (119)
which is held in place on the bar by means of the removable bar (115).
